

# COVID-19 HEALTH SCREENING SOLUTION

## What is this about?

In order to comply with the regulations stipulated in the [COVID-19 OCCUPATIONAL HEALTH AND SAFETY MEASURES IN WORKPLACES COVID-19 \(C19 OHS\)](#) 2020 section 21, 22, 23 with regards to **screening of employees** before they enter the workplace, we have developed a simple, easy to use online solution.

## How does it work?

The app is designed to allow employees and to select the department they work in and then enter their employment number. This will allow them to answer YES or NO to 11 questions relating to symptoms of COVID-19 and health history of the employee.

The result will display a red or green screen with their company number and a time stamp. This could be displayed at security or monitored through the dashboard in office before the employee enters the workplace.

The data is captured in a database for easy export to Excel for statistical and reporting record keeping.

Employees who have shown symptoms will then be advised not to enter and this is noted in the database to ensure that they are not allowed to enter until they are declared healthy.

Employees that should not be allowed onsite, until cleared will be deactivated and will receive a message to this effect when they attempt to submit the survey. Once they are cleared for work, the employee is reactivated.

The app has version to monitor the health of visitors to your company premises as well.

In Summary, the web app was designed with the following in mind:

1. Low mobile data usage
2. Easy to access
3. Easy to use
4. Quick to deploy
5. Dashboard to maintain access
6. Overview of surveys done

## What do you need to make this work?

All that is needed to use the app is a smartphone and internet access. The dashboard is best displayed on a PC or laptop but could also be viewed on a smart phone or tablet.

## How much will it cost?

Number of Employees	Once off cost	Monthly support and hosting fee
1-50	R 850,00	R 150,00
51-150	R 5 650,00	R 300,00
250 +	R 9 900,00	R 450,00

### Terms:

1. 50% deposit plus first month's hosting and support is payable upfront
2. 50% of the once off cost is due on deployment of the app
3. The once off cost includes the initial set-up, data import and deployment of the app
4. The monthly fee includes the hosting of the app as well as 1 hour's support
5. The support and hosting fee is payable monthly in advance
6. 30 days' notice of termination of use of the application is required to cancel the hosting
7. Pricing applies to the standard system
8. Additions and customizations can be catered for at R450 per hour of development

## Talk to us about our Referral Program

You have the option to sign up for our referral program. If you decide to do so you will be issued with a referral code. Earn a 10% referral fee on the once off amount for every company you refer to us who sign up for the app.

For more information on how and where to sign up to use the app, please contact us on:
